Protect your dream bike with a little extra coverage from Progressive

It started as a stock motorcycle straight from the factory. But you made it a one-of-a-kind machine by adding custom flame paint, chrome billet wheels, the best double-walled drag pipes on the market, and more. Life's good. Until the day it's stolen or damaged.

Yes, it could happen. It does happen, somewhere, to someone, every day. And this is when Progressive can protect you and your bike.

Our motorcycle policy provides coverage for all original parts and equipment installed at the factory. We also include up to \$3,000* worth of coverage for any after-market parts or accessories for no additional premium when you have Comprehensive coverage on your policy.

If your bike has a lot of extras, Progressive offers accessory coverage up to \$30,000. This extra coverage is designed to cover equipment and accessories that you or your dealer have installed that enhances the appearance or performance of the motorcycle.

Many times, dealers install after-market parts or accessories and you don't even know it. Check your original bill of sale to be sure what's stock and what's not.

Protect your dream bike with Progressive's Motorcycle Accessory coverage. Contact your Progressive agent or broker for more information.
